\$3,530

Please note that these are sample packages. We will be more than happy to customize packages to suit your needs.

Wedding Packages

Bridal Portraits / Engagement Settings

Almost every couple has a series of photos taken for their wedding announcements and invitations. These can be formal settings or outdoor, and often set the tone for the kind of couple people imagine you to be. Bridal portraits on the other hand are generally formal and may take place on the wedding day just prior to the last steps to the altar, or are often shot prior to the wedding day and used as a sort of warm up to ensure everything is perfect with the dress, hair and makeup.

Wedding Highlight DVD

A DVD featuring a progressive animated slideshow of your wedding day, set to music, and packed with extra features such as video messages from the guests and even your own honeymoon pictures.

Flush-Mount Albums

The most popular item from the Bride & Groom's perspective tends to be the wedding album. The two major differences between our albums and standard albums:

1. Pictures are not glued into an existing set of pages. The pages themselves are printed with your photos.
2. When you open one of our albums, the pages lay flat rather than being bent and distorted along the seam.

Thank You Postcards

Help take a step out of the post-wedding hassle by using postcards with your image on them. No envelope stuffing, no stamp licking!

Signature Mats

Having a visually pleasing display of the attendees at your wedding serves as a warm reminder of those who came to wish you well. The photo in the middle is generally from an engagement photo. After the wedding some couples prefer to change the picture out for one from the wedding itself. Something to keep in mind is that the size of the frame and mat (usually much larger than the photo) may be dependant on the length of your guest list.

Online Photo Album

You will receive a password to a gallery of all your images prior to the wedding. As images are edited and uploaded you and any family or guests you provide the password to will have access to view as well as purchase the photos in a variety of sizes, finishes, and combinations.

Please note that these are sample packages. We will be more than happy to customize packages to suit your needs.

Portrait Packages

All Portraits include an online Gallery for viewing all of the photos taken during your session. The Gallery is password protected and therefore only available to those to whom you provide your password. Once the gallery is accessed you have the option to order prints. Rather than force you into a specific combination of prints, we prefer to let you choose your print images individually thereby creating a package that fits your needs, be it 1 – 8x10 and 30 – 5x7, or 12 – 8x10, 50 wallet-sized, and 5 – poster-size. Finding 31 wallet-sized photos of yourself 20 years from now will really leave you wondering.

Traditional

The classic look, designed to stand the test of time. Using clean and simple backgrounds, we create a variety of head and shoulders and a couple 3/4 length poses. This session is all done in one outfit. Over an hour shoot we will a host of shots for you to select from. If you would like more shots to choose from, simply add more hours, and outfit changes.

\$25 sitting fee
\$15 each additional hour

Exposure

This session includes everything from the Traditional, plus 3/4 and full length poses using a variety of backgrounds and props. You're photographed in a total of 3 outfits over a 3hr shoot, which can include a musical instrument, personal prop or sport pose. (don't forget your ball, helmet or ballet slippers!) You will have large set of photos to choose from.

\$55 sitting fee
\$15 each additional hour

Long Exposure

A combination of our Traditional & Exposure sessions, with the addition of a fourth outfit and even more backgrounds & poses! This package also allows you to include your brother, sister, friend or multiple sports or hobbies. Over this 4hr session an impressive number of images will be created for you to view and order from.

\$75 sitting fee
\$10 each additional person
\$15 each additional hour

Outdoor Improv

The majority of clients prefer to have outdoor or "Location" shots. Although it changes the planning phase of your shoot slightly, consider adding this option to any of the packages to bring more spice and character to your shoot.

\$30

MySpace Mayhem

It is so common today, that a client without a MySpace page or other Networking site would almost seem ridiculous. With that in mind, we can produce a duplicate of your album in MySpace sized (the original images will be far too large) images, cropped and watermarked for your MySpace.

\$20

Please note that these are sample packages. We will be more than happy to customize packages to suit your needs.

A Few Tips

So you have a closet full of clothes, but nothing to wear. Here are a few ideas that will help you choose the BEST clothes to wear in your Portraits.

- **Choose a VARIETY** of outfits. It's a good idea to include both casual and more formal outfits in your Portraits. Also use a variety of colors... for example, if you bring a black, gray and white outfits for a 3 outfit session. You're previews will be really drab and boring. These are all good choices, but include some items of color too!
- **Stay clear of stripes!** (large bold ones of 5+" are tolerable. Small thin ones will not photograph well. It's best to not use any stripes or solids with 1-2 stripes or lines. There are exceptions to every rule of course.
- Your face should be the focal point of your portraits. **Long sleeve solids or very subtle prints** are usually the most flattering in portraits.
- **The most common problem we see is sunburn!** and tan lines from the tanning salons! Everyone please keep out of the sun a week or two before your session. We often see uneven sunburn from guys who wear ball caps, peeling skin on noses from recent burns, raccoon eyes from those who were burned while wearing sunglasses. Or strap lines on the shoulders of gals who wish to be photographed in a strapless formal dress or top. Sunburn, uneven tanning and tan lines can not be retouched. Your session will need to be rescheduled.
- **Second biggest problem is clothes that are wrinkled or don't fit.** Gals, don't bring your clothes rolled up in a ball in a backpack. They'll be a wrinkled mess and they will photograph that way. Guys! we see over and over that their shirt collar and sleeves do not fit. Often due to a bad fitting or borrowed suit items. It is imperative that a shirt and tie are properly fitted and that a suit/sport coat is the proper size.
- Medium to dark clothes look the best on dark backgrounds. So if you like these more dramatic looks, use darker more subdued colors.
- Medium to light colors look the best on lighter colored backgrounds. So if you like the lighter sets and backgrounds, bring lighter clothes that will go good with the backgrounds you prefer.
- For outdoor portraits. Be careful of bright greens as they often clash with the greens of the leaves and grass. Black, Khaki, pink, orange, navy, tan, gold, burgundy, dark yellow are good outdoors. **We recommend staying away from white, light/pale yellow or other very light/pale colors outdoors.**
- Traditional styles will stand the test of time and keep your portrait looking fresh for years to come. **So try and use styles and looks that will be in style "next year" as well as this summer.** Otherwise you're portrait will

A Few Tips

look dated and out of style in a year or two. Classic solid sweaters will always be in style. Trendy summer tops will look out of place next summer.

- Some poses will show your shoes so don't forget to bring **shoes & socks for each outfit** that you plan to wear. Barefoot and sandals! No problem for your casual clothes. And though white socks are in, they don't photograph well. So bring darker ones too. (just in case they show!) Guys don't forget those belts and Gals, don't forget your jewelry,
- **Busy patterns and loud colors can be very distracting in your portraits. Avoid large & bold patterns** that might tend to draw attention away from your face.

Props can help to show your personality and record the types of activities you are involved in. Be sure to bring some of your own props to your portrait session. Here are some ideas:

- Musical Instrument
- Vehicle (car/truck/bike/cart) **you must book a special session for this.** They often require we go to a scheduled location and requires extra time and cost.
- Leather Jacket
- Uniform/ball/helmet/shoes/stick/bat the more the better!
- Hats
- Sports Equipment
- Sunglasses
- Poms/megaphone, cheerleaders don't forget your lollies.
- Pets (**check with us ahead of time**), we require a handler/pet carrier to tend to your pet during the rest of your session.

Here are some final tips:

- Simplicity is the key to a successful portrait. That and all the little elements that come together to create the end result. Each thing you do right will make a major difference in the end product.
- **Lenses should be removed from your glasses.** Your optometrist will do this for free if you can't do it yourself. Or... borrow a pair of empty frames from your optometrist that look similar to your own. They'll often do this for free or for a small 5.00 deposit that they refund when you return them. Due to our lighting or the way we concentrate lighting to bring out your eyes, it can be difficult to photograph you with lenses in your glasses if you plan to wear them.

A Few Tips

- **Contacts** can be worn, but often your eyes will be less red and will have more sparkle if you can get by with your contact lenses out.
- Coordinate your outfit from head to toe.
- Darker clothes minimize body size.
- Keep the tonal range of clothing in the same group, try not to mix light & darks in the same outfit.
- To assure a successful portrait, it is best to **bring along several additional clothing choices** and let the photographer help you choose.
- Don't forget to bring your jewelry. For Senior Portraits, your class ring. If you're in sports don't forget, helmet and ball, hockey stick, etc. You often need to contact your school/coach weeks in advance to get jerseys and helmets during the summer. (don't delay in doing this)
- You should wear your hair in your regular style. **Guys should NOT have a fresh haircut.** If you need a trim, have it done about a week before. Gals, don't go get a new style or go to a new stylist that you've never used before.
- A little Visene will "get the red out" if you have allergies!
- Having your clothes fit and ironed is very important!
- Get a good night's rest, relax and be ready for a great portrait session!
